

EUROPEAN MEDICAL TRAVEL CONFERENCE 2011

27th - 29th April, 2011 in Barcelona, Spain

The largest conference in Europe on global medical travel

European Medical Travel Conference 2011

27th to 29th April 2011: Barcelona Spain

Based on the success of the conference in Italy, we are happy now to announce next year`s conference to take place in Barcelona, Spain!

Encouraged by partners and sponsors, EMTC will once again bring together prominent speakers, important stakeholders, trendsetting thinkers and successful market players for its 2011 conference in Barcelona, Spain. Offering improved networking opportunities, focusing on international cooperation and EU topics it will be a milestone event for the international Medical Travel industry.

Download the pre-conference prospectus with speakers and agenda.

The conference focuses on:

- Medical travel: destinations and international centers
- Telemedicine and patient mobility
- International markets and mechanics
- EU regulations and insurance
- Medical wellness, spa resorts and rehabilitation
- Specialist medicine and case management

Enric Mayolas, CEO
Barcelona Centre Mèdic.
Active Partner of the Congress
Organization

Barcelona Medical Centre (BCM), one of the oldest organisations devoted to medical tourism, is proud to host EMTC 2011 in Barcelona. The conference will provide Spanish healthcare providers with a unique opportunity to promote innovation and entrepreneurship in the Spanish healthcare system. It is the ideal platform to meet international partners and benefit from the latest thinking on medical travel. Our international reputation in the medical travel sector, combined with our Catalan hospitality, provide the perfect opportunity for networking and exchanging ideas in this vibrant Mediterranean city, rich in culture. We look forward to welcoming delegates.
