**19 hospitals, 41 medical specialities  
 and more than 350 practitioners.**

**All through a single Admission Service: BCM.**

**In a unique city: Barcelona.**

**Barcelona**, city of undisputed attraction for its architectonic gems and its Mediterranean lifestyle, has a **first-class healthcare** structure and recognised international prestige, to the point that the city has become a nerve centre of a large part of medical research, very especially in the field of Biomedicine.

**Barcelona Medical Centre** is the structure of international attention that has created **19 healthcare centres** of the highest level in **Barcelona**

to offer the medical assistance services of more than **350 practitioners**, all of whom are renowned worldwide, and of the most advanced technology in each of the **41 medical specialities** in which they provide their highly qualified Health Services.

Addressing **BCM** is addressing each one of these centres **directly**. With **BCM** you count on the service that accompanies you in the entire consultation and medical attention process in the medical centre that ultimately you have chosen.

**Enjoy the best level  
 of medical assistance.  
 Enjoy the city.
